

# Go-Kits - Field Shelter

*There are many items which experience has proven are necessary for successful operations under stressful emergency situations. The better prepared the Operator is, the greater the chance of being able to convey, accurately, the messages and information dispatched. The Amateur Radio Emergency Service Official Emergency Station Operator may wish to include equipment necessary to master the use of field shelter equipment, for the comfortable operation of radio equipment, low-power consumption stations, and battery power in the "Go-Kit:"*

- Double Collapsible Chair
- Flag/Flagpole
- Umbrella
- Cable Ties
- Tarp
- "Screen-Room"
- Tent, & Poles
